Welcome to Pathways Endodontics!

Your dentist has referred you to an endodontist. Endodontists are specialists who have completed additional training that focuses on diagnosing tooth pain and root canal treatment and other procedures relating to the interior of the tooth (the dental pulp).

Here at Pathways Endodontics, we exclusively specialize in the full spectrum of non-surgical and surgical endodontic treatment. We proudly utilize the latest in technological advancements and our state-of-the-art facility to provide the highest level of evidence-based and personalized patient care. Dr. Henry Ma and his team strive to create a welcoming, warm, and pleasant experience to exceed all expectations.

After endodontic treatment, you will need to return to your dentist who will complete any necessary permanent filling or crown and will continue to oversee your routine dental care. Please advise our office if you have any special needs when you make your appointment. In the meantime, feel free to visit our website at www.pathwaysendo.com. We look forward to meeting and serving you.
